

BEAUTY...

**AND
THE
BEAST
WITHIN**

S P E E D • P O W E R • P E R F O R M A N C E

Brighter, Bolder, Better.... A fresh, new design with more room to work, but with still the same footprint. That's the new machine you'll find at Doosan.

But beneath the sleek, new look lies the same beast that's characterized our machines for more than a quarter century:

- The power-packed configuration that lets you hog off in a

single pass what other machines do in three or four,

- The precision to meet the tightest tolerances,
- The speed to finish jobs fast.

Turning centers or machining centers...contact your Doosan distributor for a demonstration. You'll like what you see. You'll love what it does.

Doosan Infracore

Financing available through **Doosan Global Finance**
